SOLDIERS MUST USE FORCE OF ARMS

Governor Glenn Issues Special Orders to Both Civil and Military Authorities.

CURTAIL LYNCHING OUTRAGES

Shoot and Kill, If Necessary, to Preserve Dignity of the Commonwealth.

RALEIGH, N. C., August 15 .- An address to the people of North Carolina,

and a special order to all sheriffs and captains of military companies in the State, issued this evening by Governor Glenn, makes it compulsory for military companies to in future fire into mobs when bent on lynching.

In the address, the Governor declared that until a few days ago, for four years this State has been blessed with law and order, and peace, and pienty had reigned; but a few lawless men in three instances had taken the law in their own hands, and by violence, and with a strong hand, had overthrown the law, and virtually committed murder by lynching prisoners contained in jail. In none of these instances was there the slightest excuse for these acts, for in all cases special terms had been ordered, and in one case the court was actually sitting and trying the prisoners.

The sheriff, in the future, when there are threats of lynching, is to promptly notify the Governor and also the captain of the nearest military company, and order the latter to be in readiness to come to his aid, If violence is attempted the sheriff must make proclamation,

Horses Dying by Hundreds in Sections of North Carolina,

Sections of North Carolina,

(Special to The Times-Dispatch.)
RALEIGH, N. C., August 15.—Assistant
State Vaterinarian G. A. Roberts returned
(this morning from Hyde county, where he
went under direction of the State Department of Agriculture to investigate the
epidemic that is causing the death of so
many horses in that section. He found
that at least one hundred horses have
died in two townships, Lake Landing and
Currituck, in Hyde county. Of all the
cases he found, there were only three that
gave any promise of recovery.

The classas is what is commonly known
as staggers, and is thought to originate
from fungus or mold in the feed or water.

Dr. Roberts says not only the feed on
hand for stock is practically ruined by
the continued rains, but the crops
throughout the county are almost a total
failure. He will return home at once to
the epidemic and do what he can to
check it, carrying with him apparatus
and appliances for combating and study. and appliances for combating and study-ing more effectually the disease. He will also go into Craven, Pamileo and Beau-fort counties on the same mission, com-

fort counties on the same mission, com-plaints having come in to the depart-ment from these sections during the past few days.

Dr. Roberts found that many people have shipped their fine horses away since the disease appeared. He thinks, though, that a more economical and as safe a course would be to get food for them without the teritory infected. He is of-the opinion that the disease is not con-tagious.

LYNCHING POST CARDS REFUSED THE MAILS

Postmaster-General Sets Down on the Gruesome Pictures.

(Special to The Times-Dispatch.)
SALISBURY, N. C., August 16.—Postmaster James H. Ramsey, of Salisbury, was to-day advised by the first assistant postmaster-general at Washington that the postal cards forwarded to the Postoffice Department, illustrating the lynching of the Gillespie negroes here last week are unmailable. The postmaster was instructed to withdraw all such presented at the office here, and send to Washington.
